

NASA

Postdoctoral Fellowships

The NASA Postdoctoral Program offers scientists and engineers unique opportunities to conduct research in Earth science, heliophysics, astrophysics, planetary science, astrobiology, space bioscience, aeronautics and engineering, human exploration and operations, and space technology.

U.S. citizens, Lawful Permanent Residents, and foreign nationals eligible for J-1 status as a Research Scholar may apply. Applications are accepted March 1, July 1 and November 1, each year. Stipends start at \$53,500 per year, with supplements for high cost-of-living areas and certain academic specialties. Financial assistance is available for relocation and health insurance and \$8,000 per year is provided for professional travel.
